Dear Mr. Adams,

I hope you are all enjoying your vacation. It looks pretty certain that we have a house lined up for you. This developed just today, so I have not seen the place, but it sounds quite satisfactory.

During my conversation with the Executive Office today, I learned that they would like for you to contact the movers and make what arrangements you wish in regard to moving your furniture. The movers are to then submit a bill to Missionary District of South Dakota (Episcopal)  
Box 517  
Sioux Falls, S. Dak.

or the truck can stop at the office in Sioux Falls on its way south to collect.

We will let you know the address when we have rented a place.

I think it is just fine to wait on the church school materials. A family work bee was held in July at which some yard work, painting, staining, cleaning, repairing were accomplished, and there are plans to finish up with another session in mid-September.

We will be happy to answer any further questions and also are looking forward to your arrival.

Sincerely,

P.S. Since the Missionary District will be paying the bill for the move, please direct any of your questions on that matter to them.
