about \$175 of the quota paid this year of
\$1300 quota for this year. The last
half is here & we are getting quite a
bit behind.

The attendance has remained about
the same as last year. Several
pledges are behind. Reminders or something
should be done to get pledges in.
Bill Newcomb was asked to see Mr. Kupper

Looks as tho we will have about the
same number of Church School members
& about (5) classes.

Rev. Richards suggested 3-4-5-6 year olds
have their Church School on a day other than
Sunday morning to eliminate confusion in
the classrooms. Other alternatives would require
building more facilities which may not work out well.
We discussed a youth group for the older
children of the congregation for activities
to keep their interest after confirmation.

- discussed possibility of a building program
for our Church or possible remodeling for the future.
Mr. Richards will be gone on vacation for last Sunday in
June & three in July. - Harry Brown & James Engstrom will
take some services.

Quote for '65 is \$1486 of which \$275 is paid. It was decided to give notice to each person the status of his pledge along with expressing the need for funds to meet our quota by including an envelope in this month's calendar to be mailed out this week.

The heating system is progressing. D. Hackett mentioned that the congregation should be informed
